

NEIGHBORHOOD NEWS

energy efficiency

This month we are excited to share with you the news that Long Meadow Landings is going a little more green. We are currently working in conjunction with Lantern

Energies to make our community a more energy efficient place. All apartments at Long Meadow Landings are in the process of receiving brand new energy saving light bulbs, new air conditioning sleeve covers and all residences are being tightly air sealed for ultimate energy conservation. Be on the lookout for more green initiatives to come!
